Hear are some shreddin' albums to skate and bang to, first off;

DISCHARGE-"The Price of Silence", EP, sorta on the metal side of hardcore, with a driving Bass beat, and really fast drums, Great score.

7-SECONDS-one of the funnest bands around. Comes to life with their new L.P., "The Crew", which is really cool and fun to skate to and sing along with! Great Band!

The Misfits-Next, make a rad comeback with "Earth A.D.M. A blood chilling super fast L.P., that features, Robo,-ex-Black Flag drummer. A great score since the Misfits broke up last year,..Get It!

Three words sum up this next band, from England, evil raw and fast. As they cry out from hell, with their new L.P., "At War With Satan", Venom captures that certain sound that makes you want to skate

All of these records and more are available from "SYSTEMATIC RECORDS"

NOTE: Live Metal shows at the OLD MONTEREY MUSIC HALL. Every Monday night at around 8:00pm, look for fliers or call the Music Hall for info,
